SUPERINTENDENT'S MESSAGE

75th ANNUAL PHOTOGRAPHY SALON

In celebration of the 75th Annual Iowa State Fair Photography Salon, every photo that was submitted this year *had* to be in Black & White. This year's exhibit is *not* only a celebration of the history of photography at the Iowa State Fair; it is *also* a salute to one of the world's most famous Black & White photographers — Ansel Adams. More importantly, it is *also* a salute to the thousands and thousands of photographers who have entered over the last 75 years. They are the reason why the Photography Salon has become one of the most popular exhibits at the Iowa State Fair each year.

We had 1,048 photographers enter the competition this year. Of the 1,048 photographers who entered, 498 (48%) will have *at least* one photograph on display. Of the 875 adults who entered, 423 (48%) will have *at least* one photograph on display. Of the 173 youth who entered, 75 (43%) will have *at least* one photograph on display. For photographers to have even *one* photograph on display this year is a *huge* accomplishment. Congratulations!

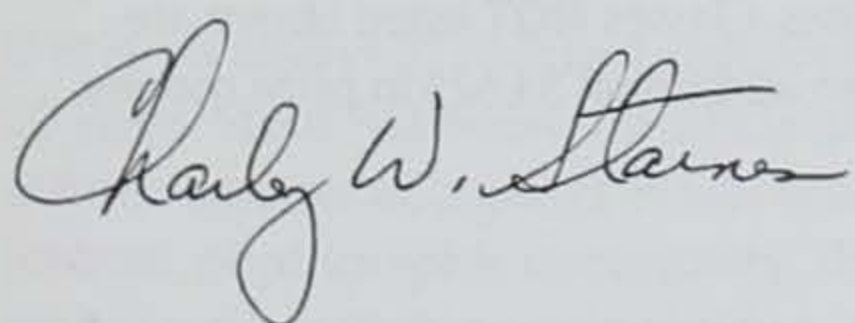

These very talented and creative photographers submitted a total of 3,874 photographs. Of the 3,874 photographs entered, 841 (22%) were selected for display. Of the 3,345 photographs submitted by adults, 738 (22%) were selected for display. Of the 529 photographs submitted by youth, 103 (19%) were selected for display. Only *one* photographer, Deb Shoning, has *all* five photographs on display. Congratulations Deb!

I cannot begin to thank our Judges enough for *their* time and effort. We ended up doing 12 rounds of judging this year. The judges looked at *every* photo that was entered *at least* two different times. They also looked at *every* photo that made it 'in the show' *at least* twice for a possible award. All *their* hard work and dedication has resulted in an incredible display of Black & White photographs.

Nothing Compares to my dedicated staff and a host of volunteers. It would be impossible to do this each year *without* their help and support. I would *also* like to thank the Iowa State Fair Entry Department and the summer interns who processed the *more than* 1,000 entry forms this year.

I would like to personally thank our sponsors and advertisers for their contributions. Many of our awards simply would *not* be possible *without* the support of our sponsors. This book would also *not* be possible *without* the support of our advertisers. The staff at University Photo deserves special recognition for donating their time to scan and edit each of the award winning photos in this book.

I sincerely hope that you enjoy, as much as I did, seeing the amazing 184 award winning Black & White photographs inside this year's 75th Annual Iowa State Fair Photography Salon book. When you strip away all the colors from a photograph, you are revealing the very soul of that image.

LISA BERGMANN-SMITHEY

Lisa Bergmann-Smithey is a professional photographer and photography instructor. Educated at the University of Connecticut and Brooks Institute of Photography, Lisa has been a practicing photographer for the last 25 years. In addition to her fine art, commercial, portrait, and wedding photography business, Lisa has taught film and digital photography classes at Kirkwood Community College's Continuing Education program in Iowa City for the last 20 years. She also teaches several week-long photography camps that are specifically designed for kids each summer through the Kirkwood Interactive Camps for Kids (K.I.C.K.) program.

Starting in film and working primarily with large format cameras, Bergmann-Smithey transitioned to the digital world to keep up with her clients' and students' demands. However, her heart and passion still lies with black and white film. Lisa continues to find time to work in her darkroom whenever possible. "My inspiration still lies with the old Masters of Photography like Ansel Adams, Alfred Stieglitz, and Edward Weston. I love to share their wonderful images with my students and to encourage them to discover the exquisite beauty of black and white photography."

CHARLIE LITCHFIELD

Charlie Litchfield is a staff photographer with *The Des Moines Register*. Before moving back to his home state he also worked as a staff photographer for the *Idaho Press-Tribune*, a small daily newspaper in southwest Idaho near Boise. Litchfield discovered his passion for photography in the black and white film lab at Ames High School in Ames, IA. Charlie's early inspiration came from the work of icons like Dorothea Lange, Walker Evans, and Ansel Adams, who photographed the people and places of the early American West.

Litchfield graduated from Iowa State University with a degree in Forestry, which made his career choice of photojournalism a huge surprise to his parents. They began to understand his passion after watching him grow in his love for photography and storytelling at the *Idaho Press-Tribune*. During this time, Charlie also started his own business and began freelancing for clients including *The Associated Press* and *The Wall Street Journal*. His work has also appeared on the pages and websites of notable publications such as *USA Today*, *The Washington Post*, and *The New York Times*.

STEVE O'BRIEN

Steve O'Brien's passion for photography began when he was in junior high school while visiting Colorado in 1971. Blessed with a mentor who allowed him to process and print his first rolls of black and white film, O'Brien quickly created his own darkroom which he still uses today. In later years, he would study with such notable black and white photographers as John Sexton, Howard Bond, and Duane Michals. O'Brien has received numerous state and international awards for his black and white fine art work. His work has appeared in numerous magazines, newspapers, and books. Steve's photographs have also been displayed at the Des Moines Art Center, Polk County Heritage Gallery, Iowa State Fair, and Iowa State University.

O'Brien is always in constant demand for teaching numerous areas of photography. For the last 20 years, Steve has been the official photographer for the Iowa Department of Public Safety. O'Brien teaches all aspects of law enforcement photography and uses his expertise within the forensic photographic community. Through this area of photographic endeavor, Steve has fully embraced the digital world and how it relates to both the fine art and the forensic world.

Exception: Photos in the panoramic class must be *mounted* on 7" x 20" *foam core* that is at least 1/8" thick. Do NOT use mat board or styrene. (NOTE: Due to the heat and humidity, it is *highly* recommended that photos be *dry mounted*. Available at most art supply stores and frame shops.)
7. **PHOTO SIZE:** Photos can be any size up to and including 11" x 14", but must be *mounted* per Rule #6.
8. **MATS:** We judge your photo NOT the mat. Mat colors should NOT compete with your photo.

SUPERINTENDENT'S COMMENTS

The *tips* listed below are the *major* reasons *why* photos get *rejected* each year. One *key* reason is because *photographers* do NOT follow Entry Rules 3, 4, and 5. These *three* rules were created to help *increase* NOT *decrease* your chances of getting *in the show*. During the *first* of more than *twelve* rounds of judging, *all* four of *your* photos are lined up *together* in front of the judges. It is NOT the *judges'* responsibility to pick out *your* best baby, dog, cat, bird, flower, people, building, or landscape photo. Submit *four* photos with entirely *different* subjects. Another *huge* mistake is trying to *copy* or *duplicate* the *ideas* of *other* photographers or *previous* award winners. Photographers *must* use their *own* ideas and concepts *when* creating *their* photos. Also, keep in mind that the Iowa State Fair Photography Salon is about the *art* of Photography NOT Photoshop. Your *goal* is to, "Show *us* the *world* as we have never seen it before!" How you accomplish *this* is the *art* of photography.

TIPS FOR ENTERING

- Composition! Composition! Composition!
- Learn the *Rule of Thirds*. Do NOT *always* put your *main* subject in the center.
- What is your *main* subject? If the *judges* CANNOT tell, it is *out of the show*.
- Is your *main* subject *in focus*? If it is *out of focus*, it is *out of the show*.
- Watch for *background* distractions. Look carefully *around* your *main* subject *before* taking your photo.
- Do NOT *always* have your *main* subject (people, dogs, cats, etc.) *stare* directly into the camera.
- Do NOT *copy* or *duplicate* the *ideas* of *other* photographers or *previous* award winners.
- Do NOT submit *photos* that are *similar* in nature. Enter *photos* with *different* subject matters.
- Do NOT *keep* taking photos of the *same* old landmarks. The *judges* have *seen* them before.
- Do NOT *keep* entering the *same* old classes every year. Challenge yourself!
- Do NOT *fall in love* with your photograph!
- The *judges* know absolutely *nothing* about your photo and the *story* behind it.
- The *judges* are looking for *photographs* NOT *snapshots*!
- The *judges* do NOT like to see *photographs* that are too *staged* or *set up*.
- The *judges* CANNOT *see* your *photo* for all the hot pink, red, orange, purple, and velvet mats.
- The *judges* CANNOT *judge* what *they* CANNOT see. Your *photos* should be at least 8" x 10" or larger.
- Change your angle of view. See the *world* from a *different* viewpoint. Get off your feet!
- Change your lens. See the *world* from a *different* perspective. Take off your favorite lens!
- Image *quality* is *lost* if you *always* crop in Photoshop. Get *closer*. Crop *tighter*. Crop with your lens!
- If your *horizon* is NOT *level*, it is NOT in the show. Buy a *grid screen* or use the *feature* on your camera.
- Buy a *vertical grip* or *rotate* your camera to *fit* your subject. Do NOT *suffer* from *horizontal's disease*!
- Buy a *circular polarizing* filter for your lens. Learn *how* and *when* to use it.
- Do NOT *over-sharpen* or *over-saturate* your images!
- Color *calibrate* your *monitor* at least *once* a month!
- Black & White photos *should* be Black & White NOT Black & Blue.
- Use a good *photo lab* or make sure you have a *high quality* home printer. Print *quality* is *everything*!
- Learn how to see the *light*. Photography is *all* about the *light*!
- Learn about *film speeds*, *shutter speeds*, and *apertures*.
- Learn how to *control* your *depth of field* by *changing* your aperture.
- Learn about the *light metering patterns* inside your camera and *how* to use them.
- Learn about *white balance*. Learn *how* to create a *custom* white balance *inside* your camera.
- Learn how to *operate* your camera. *Read* the owner's manual and/or *learn* about it on YouTube!
- Using the *smallest* JPG setting *means* you will get *more* photos on your card and *less* photos in the fair.
- Run *film/pixels* through your camera. The *more* you shoot the *better* you will get!
- Give *yourself* assignments. Spend a day, a week, or a month *shooting* for *just* one class.
- Take a *class* or join a local *camera club*!

SILHOUETTES

A *silhouette* is an image of a person, animal, object, or scene that appears *dark* against a *lighter* background. The *main* subject appears as a *solid* shape, *usually black*, against the background. The *interior* of a silhouette is *featureless* and *without* detail. Because a silhouette *emphasizes* the *outline* of an object, only its *shape* and *lines* can give us a clue as to *what* the *main* subject may be. Silhouettes can *often* be used to convey *feelings*, *emotions*, *mood*, *drama*, and *mystery* of the subject. Silhouettes can *also* be used as a way to *demonstrate* the *environment* that *surrounds* the subject.

Your *assignment* over the next year is to *create* and *capture* some very *dramatic* and *emotional* silhouettes that will *excite* and *inspire* other photographers and visitors to the Iowa State Fair. More importantly, your silhouettes must *excite* and *inspire* the *three* judges. You have to make *them* wish that *they* were the *photographer*. If you do this, I can *guarantee* that your silhouette will be on *display* next year. Remember, because you will have had an *entire* year to perfect your skills, the photos in the *theme* class will be *judged* to a much *higher* standard.

Again, there are several *key* things to remember *when* looking for and taking a *good* silhouette. Choose a *subject* that has a well *defined* and *recognizable* shape. Frame your *image* so that the *brightest* light source is *behind* your subject. Your *main* subject should *also* appear as a *solid* shape. Also, make sure that the *silhouette* is *distinct* and *uncluttered* from background distractions.

The *time of day* for taking a *good* silhouette is *also* critical. I *highly* recommend shooting at either *sunrise* or *sunset* to get the *best* effects. Another *great* time for doing silhouettes is on a *foggy* day. Try putting your *light source* directly *behind* your subject. However, *never* point your camera *directly* into the sun or *other* main light source. Another *tip* is to *NOT* use the *evaluative* metering mode. Switch your camera to the *spot* metering mode and take a *meter* reading of the *brightest* part of the image *behind* your subject or the *background* area that you want to *correctly* expose. You may *also* want to *experiment* with *bracketing* your exposures.

I do have *one* final word of *caution*. Because we will end up with 999 *silhouettes* of *people*, I would *highly* recommend *doing* something *entirely* different. Also, remember to *focus* on the *art* of photography by *creating* silhouettes that are *photographs* *NOT* *snapshots*. A *photograph* is so much *harder* to *create* than a *snapshot*. It takes time, thought, creativity, and planning to create. A *photograph* is actually *created* in the *mind* of the photographer *well* before the shutter is *ever* released. The true *art* of photography is to, "Show us the world as we have *never* seen it before!"

ADULT EXHIBITORS

The number in **parentheses** indicates the number of **photos** that each **Adult Exhibitor** has on display. The number of **asterisks** indicates the number of **awards** they received. Names that are **bolded** received the **Superintendent's Merit Award for Photographic Excellence** for having all *five* of their photos accepted for display. Of the 1,048 photographers who entered, only 1 (.1%) photographer received this award.
